

**Council of International Investigators
2019 US Regional Meeting & Symposium
*Wrongful Conviction Investigations
and Civil Rights Litigation*
May 3 – 4, Chicago IL**

[Chicago 2019 Regional Meeting Registration](#)

OVERVIEW

This regional meeting is open to all CII members and friends. It is going to be a combination of education, networking, and good old fashion fun! Our venue is the famous Whitehall Hotel, at the heart of Chicago's Gold Coast. Jack Burke negotiated an unbelievable rate of \$169 per night (plus tax) at this amazing boutique hotel. President David MacLeod is going to be there all the way from Australia so how about you?

The Education will be focused on wrongful conviction investigations & subsequent civil rights cases. Experts will discuss how and why the innocent are convicted; how investigators can make a difference; and real-life examples of investigative techniques that have not only exonerated the innocent but secured convictions of the true perpetrator. The Civil Rights portion will discuss the elements necessary to prove a civil rights violation and the investigator's roll in those cases. Expert presenters will include attorneys and investigators who have a history of success in these cases, sharing their knowledge in what is an explosive field for investigators and lawyers.

The Networking will be in the true sense of a CII meeting with an opening cocktail reception; pizza party and drinks at the famous Pizzeria Due (chance to dine on Chicago's famous deep-dish pizza); continental breakfast and lunch on seminar day. Saturday afternoon will offer attendees the time to take a walking tour of downtown Chicago and the Magnificent Mile; shopping on the Gold Coast; an architectural river cruise up the Chicago River; and we are working on a possible boat cruise on Lake Michigan. Finally, we have secured 20 box seat tickets for the Chicago White Sox versus the Boston Red Sox for Saturday night. If we need more tickets, we will score those too. Sox Park has some of the best ball park food imaginable and there will be fireworks after the game.

The Old Fashion Fun will be guaranteed with just the right CII mix of serious business; education; great food; outstanding comradery; a few cocktails; and plenty of stories.
